Town of Crossfield Financial Statements For the year ended December 31, 2024

Management's Responsibility for Reporting

The Town of Crossfield's management is responsible for the preparation, accuracy, objectivity, and integrity of the accompanying consolidated financial statements and the notes thereto. Management believes that the consolidated financial statements present fairly the Municipality's financial position as at December 31, 2024 and the results of its operations for the year then ended.

The consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards. The consolidated financial statements include certain amounts based on estimates and judgments. Such amounts have been determined on a reasonable basis in order to ensure that the consolidated financial statements are presented fairly in all material respects.

In fulfilling its responsibilities and recognizing the limits inherent in all systems, management has designed and maintains a system of internal controls to produce reliable information to meet reporting requirements. The system is designed to provide management with reasonable assurance that transactions are properly authorized, reliable financial records are maintained, and assets are properly accounted for and safeguarded.

The Municipal Council is responsible for overseeing management in the performance of its reporting responsibilities, and for approving the financial statements. Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. Council is also responsible for recommending the appointment of the Municipality's external auditors.

The consolidated financial statements have been audited by the independent firm of BDO Canada LLP, Chartered Professional Accountants. Their report to the Members of Council of The Town of Crossfield, stating the scope of their examination and opinion on the consolidated financial statements follow.

Independent Auditor's Report

To the Mayor and Council for Town of Crossfield

Opinion

We have audited the financial statements of Town of Crossfield (the "Town"), which comprise the statement of financial position as at December 31, 2024, and statements of operations, change in net debt and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Town as at December 31, 2024, and results of operations, its measurement gains and losses, its change in net debt, and its cash flows for the year then ended in accordance with Public Sector Accounting Standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Town in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Public Sector Accounting Standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Town's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Town or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Town's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting
 and, based on the audit evidence obtained, whether a material uncertainty exists related to
 events or conditions that may cast significant doubt on the Town's ability to continue as a going
 concern. If we conclude that a material uncertainty exists, we are required to draw attention
 in our auditor's report to the related disclosures in the financial statements or, if such
 disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit
 evidence obtained up to the date of our auditor's report. However, future events or conditions
 may cause the Town to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Town of Crossfield Summary of Significant Accounting Policies

December 31, 2024

1. Summary of Significant Accounting Policies

The financial statements of the Town of Crossfield (the "Town") are the responsibility of management. They have been prepared in accordance with Canadian generally accepted accounting principles established by the Public Sector Accounting Board of the Chartered Professional Accountants Canada.

Reporting Entity	The financial statement reflect the assets, liabilities expenses of all municipal organizations, committees ar are owned or controlled by the Town and are, therefo to the Town Council for the administration of their finan resources.	nd Boards which re, accountable				
	requisitions for educational, health, social and	e schedule of taxes levied (Note 15) also includes operational juisitions for educational, health, social and other external ganizations that are not part of the municipal reporting entity.				
Cash and Cash Equivalents	Management considers all highly liquid investments w three months or less at acquisition to be cash equivalent					
Tangible Capital Assets	Tangible capital assets are recorded at cost less accumulated amortization. Cost includes all costs directly attributable to acquisition or construction of the tangible capital asset including transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Amortization is recorded on a straight-line basis over the estimated life of the tangible capital asset commencing once the asset is available for productive use as follows:					
	Land improvements Buildings Engineered Structures Water system Wastewater system Other engineered structures Machinery and equipment Vehicles	10 to 25 years 25 to 50 years 45 to 75 years 45 to 75 years 10 to 75 years 5 to 20 years 10 to 25 years				
Contributions of Tangible Capital Assets	Tangible capital assets received as contributions suddeveloped subdivisions including water systems, satistorm systems, and roads are recorded at fair value receipt. Equivalent amounts are recorded as revenue the Statement of Operations.	ch as privately nitary systems, at the date of				

Town of Crossfield Summary of Significant Accounting Policies

December 31, 2024

Leases Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred. Long-term Debt Long-term debt is initially recognized at fair value net of any premiums, discounts, fees and transactions costs, with interest expense recognized using the effective interest method. Long-term debt is subsequently measured at amortized cost. **Excess Collections and** Under-levies Excess collections arise from the difference between the actual levy made to cover each requisition and the actual amount requisitioned. If the actual levy exceeds the requisition, the excess collection is accrued as a liability and as a reduction in property tax revenue. Requisition tax rates in the subsequent year are adjusted for any excess collections. **Deferred Revenue** Funds received for specific purposes which are externally restricted by legislation, regulation or agreement and are not available for general municipal purposes are accounted for as deferred revenue on the consolidated statement of financial position. The revenue is recognized in the statement of operations in the year in which it is used for the specified purpose. Government Transfers Government transfers, which include legislative grants, are recognized in the financial statements in the period in which events giving rise to the transfers occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amount can be made. **Revenue Recognition** Revenue from transactions with no performance obligation is recognized at realizable value when the Town has the authority to claim or retain an inflow of economic resources and identifies a past transaction or event giving rise to an asset. Revenue from transactions with performance obligations is recognized as the performance obligations are satisfied by providing the promised goods or services to the payer. Sales of goods are recognized when goods are delivered. Licenses and permits with a single performance obligation at a point in time are recognized as revenue on issuance over the period of the license or permit as the performance obligation is satisfied. Where funds are received in advance of services or with specific restrictions, they are recorded as deferred revenue and recognized in the period when the performance obligation is satisfied. Taxes are recognized as revenue in the year they are levied. Charges for sewer and water usage are recorded as user fees. Connection fee revenues are recognized when the connection has been established.

1. Summary of Significant Accounting Policies (continued)

Conditional grant revenue is recognized to the extent the conditions imposed on it have been fulfilled. Unconditional grant revenue is recognized when monies are receivable.

Grants for the acquisition of tangible capital assets are recognized in the period in which eligible expenditures are made.

Sales of service and other revenue is recognized on an accrual basis.

Investment income is recorded on the accrual basis and recognized when earned.

Franchise and concession revenue is recognized when earned and when the establishment has been used.

Liability for

Contaminated Sites A contaminated site is a site at which substances occur in concentrations that exceed the maximum acceptable amounts under an environmental standard. Sites that are currently in productive use are only considered a contaminated site if an unexpected event results in contamination. A liability for remediation of contaminated sites is recognized when the organization is directly responsible or accepts responsibility; it is expected that future economic benefits will be given up; and a reasonable estimate of the amount can be made. The liability includes all costs directly attributable to the remediation activities including post remediation operations, maintenance and monitoring. The liability is recorded at net of any expected recoveries.

1. Summary of Significant Accounting Policies (continued)

Use of Estimates The preparation of financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from management's best estimates as additional information becomes available in the future.

Financial Instruments The Town recognizes and measures financial assets and financial liabilities on the statement of financial position when it becomes a party to the contractual provisions of a financial instrument. All transactions related to financial instruments are recorded on a trade or settlement date basis. Cash and equity instruments quoted in an active market are measured at fair value. All other financial instruments are measured at cost or amortized cost. Since no financial instruments are measured at fair value after initial recognition, a Statement of Remeasurement Gains and Losses has not been presented in these financial statements.

Asset Retirement Obligation

A liability for an asset retirement obligation is recognized at the best estimate of the amount required to retire a tangible capital asset at the financial statement date when there is a legal obligation for the Town to incur retirement costs, the past transaction or event giving rise to the liability has occurred, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount can be made. The best estimate of the liability includes all costs directly attributable to asset retirement activities, based on information available at year-end. The best estimate of an asset retirement obligation incorporates a present value technique, when the cash flows required to settle or otherwise extinguish an asset retirement obligation are expected to occur over extended future periods.

When a liability for an asset retirement obligation is initially recognized, a corresponding asset retirement cost is capitalized to the carrying amount of the related tangible capital asset. The asset retirement cost is amortized over the useful life of the related asset. Asset retirement obligations which are incurred incrementally with use of the asset are recognized in the period with a corresponding asset retirement cost expensed in the period.

At each financial reporting date, the Town reviews the carrying amount of the liability. The Town recognizes period-to-period changes to the liability due to the passage of time as an accretion expense. Changes to the liability arising form revisions to either the timing, the amount of the original estimate of undiscounted cash flows or the discount rate are recognized as an increase or decrease to the carrying amount of the related tangible capital asset. The Town continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made.

1. Summary of Significant Accounting Policies (continued)

Public Private Partnerships	The Town accounts for public private partnerships in accordance with PS 3160. Infrastructure procured through a P3 arrangement is recognized as a tangible capital asset when the Town controls the asset. A liability is recognized for any amounts owing to the private sector partner under the agreement. As at year-end, the Town had not entered into any public private partnership arrangements.
New Accounting	
Policies Adopting During the Year	PS 3400 Revenue , Effective January 1, 2024, the Town adopted PS 3400 Revenue. This standard establishes standards on how to recognize revenue and requires deferral of revenue with performance obligations until those obligations are satisfied. The adoption of PS 3400 has no impact on the previously reported revenue.
	PS 3160 Public Private Partnerships , the Town has adopted Public Sector Accounting Standard (PS) 3160 - Public Private Partnerships as part of its accounting policies. At the reporting date, the Town does not have any Public-Private Partnership arrangements, and therefore, this standard does not impact the financial statements for the current period. If the entity enters into a P3 arrangement in the future, it will be accounted for in accordance with PS 3160.
Future Accounting	
Standard Pronouncements	The Conceptual Frameworks for Financial Reporting - The conceptual framework is the foundation for principles-based standards. It is a coherent set of interrelated objectives ad fundamentals leading to consistent standards or application of consistent concepts in the absence of specific standards. The Town is expected to adopt this standard beginning December 31, 2027.
	PS 1202 Financial Statement Presentation - PS 1202 will replace PS 1201 and sets out the general and specific requirements of the presentation of financial information and is based on the concepts in the conceptual framework. The Town is expected to adopt this standard beginning December 31, 2027.

December 31, 2024

2.	Cash and Cash Equivalents	2024	2023
	Total cash	\$ 9,911,531 \$	7,783,742

The Town earns interest on its account deposits at rates between prime rate less 1.9% and prime rate less 1.65%. All deposits are highly liquid and redeemable within 90 days or less.

The Town received Alberta government grants, local municipal grants and donations that are restricted in their use and are to be utilized as funding for certain projects. Since certain projects have not yet been completed for which this restricted funding has been received, \$1,596,684 (2023: \$1,031,563) of the cash is not available for general use by the Town (Note 6).

Of the remaining balance of cash an additional \$233,418 (2023: \$191,990) is considered restricted cash and not available for general use as it relates to deposits received.

3.	Taxes and Grants in Place of Taxes Receivable		2024	2023
		-	2024	2025
	Current taxes and grants in place of taxes Arrears taxes	\$	249,956 146,601	\$ 409,614 156,229

	\$ 636,500 \$	810,828

5. **Deposit Liabilities**

In addition to utility deposits of \$950 (2023: \$1,100) and damage deposits of \$15,890 (2023: \$36,890), the Town receives water servicing deposits, grade slip deposits and other deposits from developers which are refunded once the water service and/or the development has been inspected and approved. The amount of the developer deposits on hand at the end of the year is \$216,578 (2023: \$154,000).

December 31, 2024

6. Deferred Revenue

	 2024	2023
Canada Community-Building Fund	\$ 1,708,486	\$ 1,387,542
Alberta Community Partnership	300,257	176,074
Active Transportation Fund	6,513	9,813
Alberta Healthy Communities Initiative	4,164	1,987
Water for Life Program	43,532	35,659
Municipal Sustainability Initiative	152,150	43,866
Canadian Mental Health Association	4,494	3,806
New Horizons for Seniors	6,203	5,386
Northern Regional Economic Development Grant	25,350	-
FCC AgriSpirit Grant	2,388	-
Fire Services Training Program Grant	5,604	-
Other Deferred Revenue	 406,766	-
	\$ 2,665,907	\$ 1,664,133

Of total deferred revenue, \$1,069,223 (2023 - \$632,570) is recorded to accounts receivable as the Town must spend the allocated funds before the funds are released. The remaning \$1,596,684 (\$1,031,563) is considered restricted cash (Note 2).

Canada Community-Building Fund

Federal and provincial government funding was considered receivable in the current year to undertake certain eligible environmentally sustainable projects within the Town that have not yet been expended.

Alberta Community Partnership

Provincial government funding was received to undertake a certain intermunicipal collaboration project for a watershed scoping study and the development of a watershed modelling tool.

Active Transportation Fund

Active Transportation Fund is the first federal grant to target active transportation. Funding is available over five years to support a model shift away from cars and toward active transportation in support of Canada's National Active Transportation Strategy.

Alberta Healthy Communities Initiative

Funding was received from Alberta Health Services to create supports in the community to create healthy environments.

Water for Life Program

Funding was received from Alberta Transportation for a Wastewater Treatment and Disposal Feasibility Study.

Municipal Sustainability Initiative

Funding was received from Alberta Municipal Affairs for capital relating to the building and rehabilitation of infastructure such as roadways, water and waste water systems, and recreation and sport facilities.

Canadian Mental Health Association

Funding was received from Canadian Mental Health Association to be used for the purpose of promoting community-driven strategies to improve mental health and wellbeing in the community of the Town of Crossfield.

New Horizons for Seniors

Funding was received from Employment and Social Development Canada to create and host programs that encourage healthy lifestyles for seniors.

Northern Regional Economic Development Grant

Provincial funding was received to invest in local business retention and expansion strategies and attract new industrial businesses to support the existing industry.

FCC AgriSpirit Grant

Funding was received from Farm Credit Canada to assist in a food bank service for the purpose of community enhancement.

Fire Services Training Program Grant

Funding was received from Alberta Municipal Affairs in order to carry out a Fire Services Training Program.

Other Deferred Revenue

Includes other developer contributions for shared municipal operating and capital projects.

7. Long-term Debt

		2024	2023
Tax supported debentures	\$	6,733,100	\$ 7,044,139
	 Principle	Interest	Total
2025 2026 2027 2028 2029 Thereafter	\$ 591,186 \$ 592,050 708,521 581,079 594,643 3,665,621	189,382 172,181 154,773 137,503 120,372 459,378	\$ 780,568 764,231 863,294 718,582 715,015 4,124,999
	\$ 6,733,100 \$	1,233,589	\$ 7,966,689

Debenture debt is repayable to the Alberta Capital Finance Authority and bears interest at 2.92% and 2.93% per annum and matures in 2032 and 2039.

The current portion of the long-term debt amounts to \$591,186 (2023: \$536,442). Principal and interest repayments are shown above.

Debenture debt is issued on the credit and security of the Town at large.

Interest on long-term debt amounted to \$199,210 (2023: \$213,650).

8. Credit Facility

The Town has a credit facility with ATB Financial, which includes an approved operating line that can be drawn upon to a maximum of \$1,500,000 (2023: \$1,500,000), which bears interest at prime plus 1.00% and is secured by a General Security Agreement. At the balance sheet date, the amount drawn, which is due on demand, was \$nil (2023: \$nil).

Subsequent to year end, the credit facility was renewed for another year.

9. Debt Limits

Section 276(2) of the Municipal Government Act requires that debt and debt limits as defined by Alberta Regulation 255/2000 for the Town be disclosed as follows:

	2024	2023
Total debt limit Total debt	\$16,050,934 6,733,100	\$ 14,524,711 7,044,139
Total debt limit available	9,317,834	7,480,572
Debt servicing limit Debt servicing	2,674,019 780,568	2,420,785 740,384
Total debt servicing limit available	1,893,451	1,680,401

The debt limit is calculated at 1.5 times revenue of the Town (as defined in Alberta Regulation 255/2000) and the debt service limit is calculated at 0.25 times such revenue. Incurring debt beyond these limitations requires approval by the Minister of Municipal Affairs. These thresholds are guidelines used by Alberta Municipal Affairs to identify municipalities which could be at financial risk if further debt is acquired. The calculation taken alone does not represent the financial stability of the municipality. Rather, the financial statements must be interpreted as a whole.

13. Asset Retirement Obligations

Asbestos abatement

The Town owns buildings which contain asbestos and, therefore, is legally required to perform abatement activities upon renovation or demolition of the buildings. Abatement activities include handling and disposing of the asbestos in a prescribed manner when it is disturbed. See table below for breakdown of estimated total liability.

Lagoon reclamation

The Town owns wastewater lagoons which it has a legal requirement to perform reclamation as required upon permanently ceasing operations. Reclamation activities include management and surveying of sludge buildup. See table below for breakdown of estimated total liability.

18. Segmented Information

The Town is a diversified municipal government institution that provides a wide range of services to its citizens. Distinguishable functional segments have been separately disclosed in the segmented information. The nature of the segments and the activities they encompass are as follows:

General Government

This service area includes legislative and administrative support to all other service areas and also relates to the revenues and expenses that relate to the operations of the Town itself and cannot be directly attributed to a specific segment.

Protective Services

Protective services is comprised of police, bylaw enforcement and fire protection. This service area is responsible for the overall safety of the public through various prevention and enforcement activities.

Transportation Services

Transportation services is responsible for the delivery of municipal public works services related to the planning, development and maintenance of roadway systems, the maintenance of park and open space, and street lighting.

Water and Wastewater Services

Water and wastewater provides drinking water to the Town's citizens and collects and treats wastewater through regional commissions. The Town processes and cleans sewage and ensures the water system meets all Provincial standards.

Waste Management Services

Waste management provides collection disposal and recycling programs.

Public Health and Welfare

This service area provides and administers community support programs.

Development and Planning

The planning department provides a number of services including town planning and enforcement of building and construction codes and review of all property development plans through its application process.

Recreation and Culture

This service area maintains recreation infrastructure such as parks, arenas, aquatic centres and community centres as well as provides recreational programs and cultural programs at those locations.

The accounting policies of the segments are the same as those described in the summary of significant accounting policies. In measuring and reporting segment revenue from transactions with other segments, inter-segment transfers have been eliminated. The revenues and expenses that are directly attributable to a particular segment are allocated to that segment. Taxation revenue has been allocated to general government except where specific tax revenues can be directly allocated to a service area.

19. Budget Data

The unaudited budget data presented in these financial statements is based upon the 2024 operating and capital budgets approved by the Council. The chart below reconciles the approved budget to the budget figures reported in these financial statements.

	 2024
Budgeted surplus for the year Add:	\$ -
Budgeted transfers to reserves	 1,322,089
Budgeted surplus per statement of operations	\$ 1,322,089

20. Salary and Benefits

Disclosure of salaries and benefits for municipal officials and designated officers as required by Alberta Regulation 313/2000 is as follows:

	Salary	nefits & wances	Total 2024	Total 2023
Mayor Harris	\$ 20,525	\$ 1,008	\$ 21,533	\$ 20,433
Councillor Brennan	14,075	1,008	15,083	14,208
Councillor Fox	12,450	1,008	13,458	13,158
Councillor Gustafson	12,000	1,008	13,008	13,008
Councillor Knight	12,000	1,008	13,008	13,008
Councillor Lambert	12,525	900	13,425	13,087
Councillor Vang	13,200	1,008	14,208	13,008
Chief Administration				
Officer (1)	180,775	25,907	206,682	103,492
Designated Officers (5)	\$ 308,329	\$ 43,249	\$ 351,578	\$ 369,574

Salary includes regular base pay, bonuses, overtime, lump sum payments, gross honoraria and any other direct cash remuneration.

Benefits and allowances includes the employer's share of all employee benefits and contributions or payments made on behalf of employees including pension, health care, dental coverage, group life insurance, accidental disability and dismemberment, dental coverage, vision coverage, long and short term disability plans, professional memberships, and tuition.

21. Local Authorities Pension Plan

Employees of the Town participate in the Local Authorities Pension Plan (LAPP) which is one of the plans covered by the Public Sector Pension Plans Act. The LAPP is financed by employer and employee contributions and by investment earnings of the LAPP Fund. Contributions for current service are recorded as expenditures in the year in which they become due.

The Town is required to make current service contributions to the LAPP of 8.45% of pensionable earnings up to the year's maximum pensionable earnings under the Canada Pension Plan and 12.23% on pensionable earnings above this amount.

Contributions for the year were:

	 2024	2023
Employer contributions Employee contributions	\$ 130,728 116,351	\$ 128,214 114,102
	\$ 247,079	\$ 242,316

At December 31, 2023, the LAPP disclosed an actuarial surplus of \$15.06 billion (2022 - \$12.67 billion surplus). This amount is not specifically allocated to the participating government organizations. The 2024 actuarial balance was not available at the date these financial statements were released.

22. Commitments

The Town is a member of the The Mountain View Regional Water Services Commission which was constituted under the Municipal Government Act in 1992.

In 2024, the Town entered into a regional fire services agreement with the Municipal District of Rocky View No. 44 to provide such services in a certain specified area. The agreement will remain in force until December 31, 2029 or may be terminated by either party with six months notice. The Municipal District of Rocky View No. 44 will pay the Town a flat fee as outlined in the agreement.

During the year, the Town extended the lease agreement with the Crossfield United Church to lease property, which is owned by the Church and where the Town Administration office is situated, for an additional 3 years. The lease can be terminated by either party with 6 months notice. The aggregate future mimum lease payments are \$64,600 (2023: 110,200).

22. Commitments (continued)

The town has entered into various lease agreements to rent equipment assets for use in the Town. The aggregate future minimum lease payments for the following years are as follows:

2025	\$ 58,589
2026	43,760
2027	144,074
Total	<u>\$ 246,423</u>

23. Contingencies

A former employee has initiated proceedings against the Town in relation to a former employment contract. Neither the possible outcome nor the amount, if any, of possible settlement can be foreseen. Therefore, no provision has been made in these financial statements.

The Town is a member of the Alberta Local Authorities Reciprocal Insurance Exchange. Under the terms of membership, the Town could become liable for its proportionate share of any claim losses in excess of the funds held by the exchange. Any liability incurred would be accounted for as a current transaction in the year the losses are determined.

24. Financial Instruments

The Town holds various forms of financial instruments. The nature of these instruments and the Town's operations expose the Town to credit and liquidity risks. The Town manages its exposure to these risks by operating in a manner that minimizes its exposure to the extent practical.

(a) Credit Risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss to the other party by failing to discharge an obligation. The Town is exposed to credit risk resulting from the possibility that a counterparty to a financial instrument defaults on their financial obligations.

Management believes that the risk of default and the risk of concentration of credit risk is minimized by the fact that the majority of its accounts receivable are from government agencies. Receivables comprise amounts receivable from the Government of Alberta for grants, property taxes, and trade receivables, which are subject to normal trade credit risk which is not significant as the Town manages and analyzes the outstanding accounts receivable balances. There have been no changes from the previous year of policies, procedures and methods to measure this risk.

(b) Liquidity Risk

Liquidity risk is the risk that the Town encounters difficulty in meeting its obligations associated with financial liabilities. Liquidity risk includes the risk that the Town will not have sufficient funds to settle a transaction on the due date; will be forced to sell financial assets at a value which is less than they are worth; or may be unable to settle or recover a financial asset. Liquidity risk arises from accounts payable and accrued liabilities, deposit liabilities and long-term debt. The Town manages its liquidity risk by maintaining sufficient cash and cash equivalents and securing an operating line of credit (Note 8).

25. Subsequent Events

Subsequent to year-end, the Town entered into an agreement with the Province of Alberta to assist in financing a capital asset through a debenture. The debenture term begins on August 8, 2025 and matures Febrauary 28, 2033. The principal payments total \$678,630, with the outstanding principal bearing a fixed interest rate of 3.97% per annum. The Town will receive the capital asset in May 2025. At December 31, 2024, the Town has paid a cash deposit of \$788,697 equal to 90% of the asset cost to secure ownership.

26. Approval of Financial Statements

Council and management approved these financial statements.
